27,0 cm

The image displays a software interface for creating photo layouts. On the left, a sidebar titled "Seitenlayouts" (Page Layouts) contains a dropdown menu set to "Locker verteilt" (Loosely distributed) and another dropdown set to "5 Foto(s) pro Seite" (5 photo(s) per page). Below these are several grid-based layout templates, each represented by blue icons with white photo outlines. The top-left template is highlighted with a blue border. On the right, a preview window shows a page layout on a light blue background. A dimension line at the top indicates a width of 27.0 cm. The layout features three photographs: a large landscape photo of a cloudy sky over water and a distant island at the top; a smaller landscape photo of a similar scene at the bottom left; and a photo of a red ship at the bottom right.

Gefunden wurde das Layout von Seite 100 und nicht das der aktiven Seite 103
